FOR THE ALL-NEW
2022 RZR PRO R AND
TURBO R

The all-new RZR Pro R and Turbo R will be available in very limited quantities in 2022. High global demand and ongoing manufacturing and logistics challenges caused by COVID-19 simply means that production will be limited. As these all-new, class-leading RZR models have been highly anticipated for over a year, Polaris wants to provide the fairest way possible for all customers to have an equal opportunity to secure a RZR Pro R or Turbo R model. Please review the following Pre-Order Program Overview and see your Polaris Dealer for full details.

POLARIS
